Congratulations on your purchase of the Stroller Strides Fitness Kit. It is designed to provide a beverage holder and storage for the exercise tubes and manual. Proper installation and care will provide years of reliable service.

Before attempting to install your new Stroller Strides Fitness Kit, read and understand these instructions completely to insure proper installation. Refer to the included Exercise Manual for additional warnings and instructions for the use of the exercise tubes. If you are unclear on any point, contact your dealer or BOB before use.

⚠ WARNINGS ⚠

- This product is not designed to hold hot beverages. Placing hot beverages in the cup holder can result in spills and injury to you or your child, including burns.
- When placing containers in the cup holder, it is critical that at least 60% of the container be inserted in the beverage holder so containers do not come out.
- The Stroller Strides Fitness Kit is designed exclusively for use with BOB Single Strollers. It is not intended for use with other strollers or products.
- When not in use, store exercise tubing in Stroller Strides Fitness Kit, out of reach of baby or child.

Fig. 1 Fitness Kit orientation

INSTALLATION

1. Begin by orienting the Stroller Strides Fitness Kit as shown in figure 1.
2. The Stroller Strides Fitness Kit attaches to the stroller handlebar by 4 velcro straps. Start attaching the Stroller Strides Fitness Kit to the handle bar with the forward right velcro strap, "A" in figure 1. The strap attaches as follows:

Fig. 2 Velcro strap routing

- A) Align the strap with the forward edge of the handlebar foam. Route the strap underneath the handlebar and between the black metal rod, brake cable housing and handlebar being careful not to wrap the strap around the red handlebar release lever.

Notes: 1) Some newer models of strollers have a foot activated brake and do not have a brake cable. 2) Older strollers do not have a black metal rod or red handlebar release lever.

WARNINGS - It is critical that the strap not wrap around the black rod, brake cable housing or red handlebar release lever. Wrapping the strap around the black rod can interfere with the correct function of the handlebar release system resulting in the handlebar unexpectedly releasing, causing loss of control and injury. Wrapping the strap around the brake cable housing can interfere with the proper function of the brake causing loss of control and injury. Wrapping the strap around the red handlebar release lever can interfere with the correct function of the handlebar release system resulting in the handlebar unexpectedly releasing, causing loss of control and injury.

Wrapping the strap around the red handlebar release lever can interfere with the correct function of the handlebar release system resulting in the handlebar unexpectedly releasing, causing loss of control and injury.

Correct routing of the velcro strap is shown in figure 2.

- B) Continue wrapping the velcro strap around the handlebar and insert through

Fig. 4 Velcro strap secured

the black plastic ring as shown in figure 3.

- C) Loop the velcro strap through the ring and secure as shown in figure 4.
- D) Repeat with the above steps with the forward strap on the opposite side.

3. Next attach the back right strap, "B" in figure 1. The strap attaches as follows:

Fig. 5 Velcro strap routed over brake cable housing

- A) Align the strap so the Stroller Strides Fitness Kit is pulled tight fore and aft. Route the strap underneath the handlebar and between the brake cable housing and handlebar.

WARNING - It is critical that the strap not wrap around the brake cable housing. Wrapping the strap around the brake cable housing can interfere with the proper function of the brake causing loss of control and injury.

Correct routing of the strap is shown in figure 5.

- B) Continue wrapping the velcro strap around the handlebar and insert through the black plastic ring as shown in figure 3.

Fig. 6 Exercise manual in clip

- C) Loop the velcro strap through the ring and secure as shown in figure 4.

- D) Repeat with the above steps with the rear strap on the opposite side.

4. When using the exercise manual, it can be secured to the Stroller Strides Fitness Kit by sliding it under the clip as shown in figure 6.

CARE INSTRUCTIONS: Hand wash cold, hang dry, do not dry clean or iron.
